NEWARK, OHIO, MONDAY EVENING, AUGUST 18, 1919

TEN CENTS A WEEK

Officials of Cities Seek Strike Settlement

NEW YORK HARD HIT BY STRIKE; MILLIONS WALK

Fourteen Thousand Subway and Elevated Men Ask Big Increase.

SURFACE CARS ARE ONLY TRY TO HANDLE TRAFFIC

Rains Add to Discomfort of Millions Walking To Their Work.

New York, Aug. 18.—More than two million persons, who ordinarily travel daily over the Interborough Rapid Transit company's subway and elevated lines in Manhattan, the Bronx, Brooklyn and Queens, today either took slow moving surface cars and improvised conveyances or walked to their work as a result of the strike of the company's 14,000 employees for a 50 percent increase in wages.

As on Sunday when the strike became effective not a wheel turned on the company's 250 miles of track. The stoppage of the main arteries of travel caused the worst traffic snarl in the history of the city. The narrow streets in downtown New York were fairly congested during the early morning hours.

A pouring rain added to the discomfort. Thousands of jitneys and busses operated by the city, filled beyond capacity with workers, clogged the thoroughfares. Thousands fought in vain for standing room on each overloaded trolley car, and in other vehicles moved at a snail's pace. Residents on the outer fringe of the city were unable to reach their places of employment until many hours after their usual time and industrial New York was crippled in consequence.

The New York Central operated 26 extra trains of 10 cars each between Hudson and Harlem River points to the grand central station.

The 50,000 extra passengers carried on these trains in addition to the regular traffic caused an unprecedented congestion at the great terminal.

Fleets of ferries and other craft, pressed hurriedly into service, plied the North and East Rivers, carrying passengers between the upper and lower ends of Manhattan Island for the first time in many years.

More than 6,000 policemen guarded the company's property and endeavored to control the tide of humanity sweeping through the streets. Notwithstanding the confusion, there was but little disorder.

An effort to reach an agreement between the interborough officials and the strikers failed.

(Continued on Page 2, Col. 3)

FIREMEN ASK 65 PCT. INCREASE

Men in Convention in Cleveland Adopt Scale Which Will Be Presented To Hines.

Cleveland, Aug. 18.—A 35 to 65 percent increase is demanded for 117,000 firemen and hostlers in a new scale adopted before adjournment yesterday by 200 general motive firemen and engineers in session here since Tuesday.

Another demand to be presented to the director general of railroads is that all coal hauled in railroads in the fire ladder be equipped with mechanical stokers and that two firemen shall be employed on all such locomotives until they are so equipped.

About half of the 80,000 engines in the country will come under this proposal, only about five thousand of which are equipped with mechanical stokers at present.

GETS EXTENSION OF TIME ON MEAT BILL

An extension of time on the payment for the government meat sent to this city has been secured by Mayor Atherton and he will continue to sell the remainder of the meat on hand, awaiting the freight market on Wednesday and Saturday.

The five fire stations in the city will be open every evening for business.

Over \$100,000 worth of meat was sold Saturday, \$436 worth of meat being sold at Central fire station alone.

Safety Director Pennington and one of the fire ladders took a truck load of the meat to Buckeye Lake Park and sold over \$100 worth Saturday.

Mayor O'Hara of Johnston will open a government meat market in the city tomorrow, having ordered a truck load from the city. It may be possible that the mayor of Erie will also arrange to handle a truck load of the canned meat.

Mayor Atherton stated that he still has a large supply of meat, approximately \$5,000 worth. He has banked about \$5,000 as a result of the sales. He is hoping to dispose of the remainder within the next week or ten days.

\$15,000 RANSOM QUICKLY RAISED FOR U. S. AIRMEN

Yankee Aviators Held By Mexican Bandit Army Officers Learn.

CATTLEMEN OFFER TO PAY SUM DEMANDED BY MEXICO

Arrangements Are Made To Secure Release of Two Aviators.

Washington, Aug. 18.—The American embassy at Mexico City was instructed today by the state department to immediately call upon the Mexican government for quick action to effect the release of Lieutenants Paul R. Davis and Harold G. Peterson, American army aviators, who were captured by Mexican bandits near Candelaria, Tex., while patrolling the border, and who are threatened with death unless \$15,000 ransom is paid today.

This announcement was made by Secretary Lansing. It also was announced that a complete statement, including details of the capture of the two officers, and particulars regarding the representations made by the American government, would be given to the public later.

The state department's announcement said "The instructions pointed out the seriousness with which the United States government views this situation."

EXPERTS BELIEVE WAR IS CERTAIN OVER SHANTUNG

America Dealing With Eastern Affairs Unanimous In Opinion That Trouble Will Follow.

Washington, Aug. 18.—It was the unanimous opinion of American experts on far eastern affairs at Versailles that war must result from the peace treaty provision giving Japan control in the Chinese provinces of Shantung. The senate foreign relations committee was told today by Thomas F. Millard, an American writer who was attached to the Chinese peace delegation.

FIND WOMAN'S BODY IN AKRON COFFEE HOUSE

Akron, Aug. 18.—Police today were questioning a South Akron coffee house proprietor and a young woman said to be his sister in the hope of obtaining statements which would clear up the mystery surrounding the finding of a woman's body, partly decomposed, under a pile of ruins in the basement of the coffee house.

The murder victim, aged 25, identified as Anna Rubin, a dead to have posed as the wife of Philip Abraham, the coffee house proprietor, was slain Friday night, police believe, in a second floor room. Her skull was crushed with a blunt instrument. Marks about the throat showed that she also had been strangled. Two cords and a silk waist were tied around the neck. A trail of blood led from the room to the basement.

Abraham is said to have a wife and family in New York City. He and the woman were to be arraigned today on murder charges.

BALL RE-ELECTED HEAD OF PATTERN MAKERS

Buffalo, N. Y., Aug. 18.—Eugene F. Ball, New York City, was re-elected president National Association of Pattern Makers which last night closed its annual convention here. Next year's convention will be held in Toledo.

TRAIN HITS AUTO, THREE DEAD

Youngstown, Aug. 18.—The death toll in a hospital of William P. Ward, 65, of New Castle, the death toll in an accident which occurred last night near New Castle when a Youngstown train struck an auto.

The auto was raised to the roof of the train. Charles P. Ward, 23, and his son, Charles P. Ward, 25, were instantly killed.

European crops are good. Austria, Hungary, Austria, Hungary and Soviet Russia. Much grain now being harvested. In Austria and elsewhere because of the lack of coal for harvesting machinery.

SELLING U. S. ARMY FOOD AT COST

Army food being sold to U. S. customs house employees in New York and photo of samples of food being sold all over the country.

The American public is jumping at the chance to cut living expenses a bit by buying the huge surplus of food held by the army. As high as fifty carload shipments have been asked by officials of many cities to meet the demand. Parcel post sales from supply houses have been enormous.

Let's Make Licking County Win.

The Victory shaft has a value of only \$10,000 but that which it represents is worth many times its intrinsic value.

What will it be worth to Licking county to be known from coast-to-coast as a 100 per cent war-work county and the leader in W. S. S. sales?

The letter-carriers' W. S. S. contest has given Licking a national reputation. The Victory shaft will give permanent recognition.

There is to be only one shaft. It goes to the leading county in the leading state and is a gift from the Barre, Vt., manufacturers.

Licking county today, thirteen days before the close of the race, is in first place, but other counties are sharply contesting. If Licking is to win great effort this week and next is necessary.

Licking's war workers are busy. They will make every effort to score a victory.

The thing that the Shaft represents is worth winning. Who is not willing to bend every effort for a few more days in order to bring national honor to his home-county? Buy W. S. S. now. Let's make Licking county win.

DOG TAX FUND SLIGHTS SCHOOLS

State Auditor Donahay States That Large Sums Are Given to Humane Societies Over State.

Columbus, Aug. 18.—The Pratt dog registration law passed in 1917 is declared a failure in a report made public today by State Auditor Donahay. His report shows that nearly half the dogs in Ohio are not registered as required by law and that 65,000 fewer dogs were registered this year than in 1918.

The dog registration law was amended by the last legislature giving county sheriffs more fees for apprehending stray dogs. These amendments take effect September 5.

"Today in many cities not one dog in ten is registered and in rural cities the depredations on Ohio dumplings flocks are largely committed by dogs that wear no tags," the report says.

"Some counties," said Donahay, "seem to think more of their dumb animals than they do of their school children."

Lucas county gave \$15,000 to humane societies and \$1,000 to schools.

Franklin county collected only \$4,539.65 from dogs and gave \$9,000 to the humane society and only \$200 to schools.

Madison gave \$1,550 to humane societies and \$750 to schools. Hamilton gave \$12,000 to humane societies and \$2,257.54 to schools. Montgomery gave \$9,557.45 to humane societies and nothing to schools. Cuyahoga county received \$2,573.47 from dog registration and gave \$5,372.54 to schools.

In Clark county the humane society received only \$300 from the dog and kennel fund while Mercer county with a larger fund than the population of Clark gave \$1,500 to the humane society.

"We have heard of no special cruelty in Springfield, in spite of the small allowance," the auditor comments.

During the year ending June 30, 1919, the 88 counties paid for 27,672 sheep killed and injured. The allowances and fees for same amounted to \$206,695.44. An additional \$7,222 was paid for damages to animals other than sheep.

NEW HAVEN TRAINS RESUME

Boston, Aug. 18.—With the return to work of shopmen who have been on strike the Boston and Maine railroad gave very normal passenger service today. On the New York, New Haven and Hartford railroad trains to New York with two exceptions, were resumed.

GAME IS POSTPONED. Brooklyn, Aug. 18.—The Brooklyn-Cincinnati game scheduled for today has been postponed on account of rain.

COOPER'S MEDAL

GOLD MEDAL GIVEN TO NEWARK CARRIER; EVENT IS FILMED

Cleveland, Aug. 18.—Seventy-five Ohio mail carriers, led by James G. Cooper, a Newark carrier, were honored today by the United States Treasury. The presentation was made by the United States Treasury.

The presentation was made by the United States Treasury. The presentation was made by the United States Treasury.

UKRAINIANS ASK POLES TO HELP TAKE ODESSA

Vienna, Saturday, Aug. 16.—It is reported that the non-Bolshevik Ukrainians have invited the Poles to help them capture Kiev, promising to pay them with crop which the Bolsheviks would get otherwise.

Odesa was the last important city along Black Sea held by the Bolsheviks. The reported loss of the city and the evacuation of Kiev and the Ukrainians, if correct, take from Bolshevik control the most important agricultural territory of European Russia.

AUTO DRIVER MAY LOSE LEFT LEG

Car Skids Over Embankment on Jacksontown Pike and Driver's Leg Is Badly Crushed.

Romy Underwood, a chauffeur of Columbus, also known as "Curley," is lying at the City hospital with a broken leg, which may have to be amputated as a result of injuries suffered when his auto skidded over an embankment a short distance south of the Brumback school house on the Jacksontown pike.

Underwood had been employed by D. Sullivan of 742 West Town street, Columbus to drive Sullivan's Hudson touring car, in livery between Columbus and the lake. He brought a party from the lake to this city last evening and started back after the rain. He was going south and turned on the slippery road to avoid a motorcycle, when his car skidded and went over the embankment, turning turtle, going over on the east side of the pike. The car righted and other machines stopped to investigate and found Underwood under the car.

The injured man was carried to the sidewalk of the road and a machine left for the nearest house where a call was sent for Cross Brothers ambulance and he was taken to the City hospital. Dr. Carl Evans dressed his injuries. His left leg is badly splintered and it is possible that it will have to be amputated.

Within ten minutes after the accident took place about 3:20 p. m. scores of cars were strung along the pike on both sides of the road, many on their way home from the lake and others on their way to Columbus and the lake.

The Hudson car was badly damaged, the top was broken and the engine and parts badly wrecked, putting it out of commission.

LICKING DRYS WILL REORGANIZE FORCES

Licking county's dry forces will be reorganized Wednesday at a meeting at the hotel to prepare for the fight against the referendum on the dry enforcement legislation and the ratification of the new local prohibition amendment by the state legislature.

The meeting was called by Rev. Paul E. Kemper, pastor of the Neal Avenue M. E. church, who was manager of the dry force last fall.

The fight this year will be a defensive campaign. Mr. Kemper said in announcing the meeting.

ATHERTON ACTS TO END STRIKE OF O. E. TRAINMEN

MAYORS AND COUNCILMEN OF FIVE OHIO MUNICIPALITIES WILL CONFER WITH STRIKERS IN SPRINGFIELD.

O. E. OFFICIALS NOT YET INVITED TO PARTICIPATE IN CONFERENCE

Vice President Dana Stevens Says He Knows of No Meeting Called to Discuss Strike—Men Will Stand Pat On Demands Made.

Mayor H. A. Atherton is making an effort to assist in bringing about a settlement of the differences between the striking employees of the Ohio Electric Railway and the officials of that company.

The mayor has arranged for an interview which will be held in Springfield, Tuesday afternoon at 2 o'clock with the mayors of Newark, Lima, Zanesville and Columbus, and the city manager of Springfield. The city officials will be accompanied by members of the Amalgamated Association of Railway Trainmen from each city, city solicitors, and councilmen. J. J. Leedy, president of the local branch of the railway association, will represent the Newark employees. It is possible that the meeting may lead to an adjustment of the trouble.

Telegraphic dispatches from Springfield state that Dana Stevens, vice president of the Ohio Electric, has stated that the company would make no concessions to the striking trainmen.

Members of the local union in this city state that they will stand pat for their demands and a number of them are seeking temporary positions in the belief that the strike may be long-drawn out. Failure of the cars to operate is causing some inconvenience to workmen living some distance from the plants where they are employed. Trucks fitted up with seats are being used at some of the factories to transport them back and forth.

The strike did not effect the attendance at Buckeye Lake yesterday for one of the largest crowds of the season at that popular resort and parking space for machines was at a premium. Park officials state that the attendance the past few days has exceeded that of the week before when the cars were in operation.

President of Council R. L. Williams and Councilman P. W. Faust, representing the city, and J. F. Leedy and Joe Allison, representing the local branch of the amalgamated trainmen, will leave with Mayor Atherton for the conference at Springfield tomorrow morning. The conference will be held at the Bancroft Hotel.

STRIKE FAILS TO STOP CROWDS AT THE LAKE

The street car strike did not seem to affect the visitors at Buckeye Lake park Sunday.

Mammoth crowds visited the park during the day and automobile parking space was crowded. The bus line to the park did good business and both dancing pavilions were crowded. August is always a good month for cottagers and very cottage is occupied. The heavy rain storm which visited Newark Sunday evening missed the lake and only a light shower fell there.

COMPANY OFFICIALS NOT ADVISED OF MEETING

Springfield, Aug. 18.—Executive council members of the Ohio Electric trainmen's union met here today at Newark and Lima here at 2 o'clock tomorrow afternoon according to a statement given out here today by James Largav, international union representative, who is acting in an advisory capacity to the striking trainmen here. Largav said that the meeting was called for by the city officials probably in an effort to settle the strike.

When Dana Stevens, vice president of Ohio Electric Railway company was asked today about a meeting to be scheduled to be held between officials of the company and representatives of the trainmen, he said he knew nothing of it. He also denied knowledge of any other conference. No attempt is being made to operate cars.

UKRAINIANS ASK POLES TO HELP TAKE ODESSA

Vienna, Saturday, Aug. 16.—It is reported that the non-Bolshevik Ukrainians have invited the Poles to help them capture Kiev, promising to pay them with crop which the Bolsheviks would get otherwise.

Odesa was the last important city along Black Sea held by the Bolsheviks. The reported loss of the city and the evacuation of Kiev and the Ukrainians, if correct, take from Bolshevik control the most important agricultural territory of European Russia.

Since its evacuation by the allies Odesa has been held by the Soviet except for a brief period when rebels gained control.

PACKER IS CHARGED WITH FOOD VIOLATION

Cincinnati, O., Aug. 18.—Warrants were taken out in a court here today against Roland Meyer, secretary and general manager of the H. H. Meyer packing company and Frank X. Krug, manager of the Cincinnati Ice Storage and Manufacturing company in connection with the Governor Cox's food investigation.

One of the warrants charged Roland Meyer with having kept tainted tripe in storage and two warrants issued against Krug charged with having unlawfully in storage tainted tripe and with failing to keep a record of the storage of fish and spare ribs.

HINES ASKED TO TAKE UP RAIL WAGE DISPUTE

Washington, Aug. 18.—The railroad administration was notified today that the strike of shopmen was at an end and was asked to take up wage demands immediately.

PISTOL BULLET MISSES WOMAN

Woman Writes Farewell Message and Discharges Pistol But Escapes Uninjured—Taken to Hospital

Police Chief Jas. Sheridan and Capt. Charles Hager were called to the residence of Mrs. Walter Davis, 117 Leroy street, about 9:40 o'clock last night by the report that Mrs. Davis had shot herself with suicidal intent. Arriving at the home they found her lying across the bed with the marks of powder burn on her nightdress. An examination disclosed the fact to Chief Sheridan that no bullet had entered her body and a revolver lay near her on the floor. It was a .38-caliber revolver and one chamber was empty.

The officers made an examination and found a letter almost illegible addressed to her mother, Mrs. Moran, residing in O'Fallon avenue. She stated that she loved "Walter" so much that she could not live without him any longer. She stated that now when she saw him he could be happy with someone else.

The husband, Walter Davis, left a couple of weeks ago the police were told and the woman's relatives stated that they had not heard from him. With Mrs. Davis when the officers arrived was her sister-in-law, Mrs. Davis, residing in Scammon street. The girl, aged 12 years, stated that she was in an adjoining room when the shot was fired.

Mrs. Davis was in a comatose condition when the officers arrived and they discovered that the 10-year-old son, through the partition into another room, had fallen upon the floor. Chief Sheridan called Bradley's ambulance and Mrs. Davis was removed to the City hospital where an examination developed the fact that her skin had not even been grazed by the bullet, and was asked to take up wage demands immediately.

GIVE UP TATTING DURING INSTITUTE

County Superintendent Wilson Asks Teachers to Give Undivided Attention to Lecturers For Week.

Asking the women teachers attending the annual Licking County Teachers' Institute, to leave their tatting and crocheting out of the session halls and also to forego the knitting of sweaters, County Superintendent N. D. O. Wilson opened the session this morning.

The attendance, while good is influenced by the lack of street car facilities owing to the strike. The meetings are held in the high school auditorium and will continue through Friday afternoon, and many prominent speakers and educators will appear on the program.

Mr. Wilson stated in asking for an undivided attention at all the programs, that he had known occasions when the teachers spent the session hours in the ice cream parlors, Miss Martha Turner, president of the organization from Lima, in reply to the request of Mr. Wilson stated that there was now no necessity for sweaters and that war time endeavor had put tatting and crocheting out of style.

He also asked that a large attendance frequent all of the session hours, and stated that the teacher today realizes more than ever the responsibility of her work. For the teacher must Americanize the American boy as well as the foreigner.

Mrs. Maud Curtiss Brown developed her subject of "Language" and Dr. Byron W. King, talked on "The Art of Expression" at the morning hour.

This afternoon a conference of teachers and the superintendents was held and Mrs. Curtiss gave a reading, Dr. King talked on "The Teacher's Kingdom."

Tomorrow's program includes:

Forenoon Session.
8:00-8:15—Music and devotional exercises.
8:15-8:55—Meetings of departments: primary grades, grammar grades, high school.

Afternoon Session.
8:55-9:35—Language, Mrs. Maud Curtiss.
9:35-9:50—Intermission.
9:50-10:10—Music.
10:10-11:00—The Post War Period Educationally, Hon. M. P. Shawkey.
Evening Session.
12:15-1:00—Music.
1:00-1:40—Reading, Mrs. Maud Curtiss.
1:40-2:25—Intermission.
2:25-2:45—Music.
2:45-3:00—She Hath Done What She Couldn't, Hon. M. P. Shawkey.

SALUTE WELCOMES PRINCE.
Halifax, N. E., Aug. 18.—Welcomed by a royal salute from the citadel the Prince of Wales, who arrived here yesterday from St. John, N. B., debarked from the battle cruiser Renown at 10 o'clock this morning to be formally received by a guard of honor from the royal Canadian garrison artillery and escorted to the provincial building.

Tea, with fruit in summer and cheese in winter, constitutes the nourishment of the poorer classes in Persia.

MOTOR CIRCUS TO GIVE NIGHT SHOW

Fleet of Trucks Brings New Organization to Newark For First Stop on Long Tour.

The motorized circus, the first of its kind to actually reach Newark, arrived in the city last night from Columbus. It is the first trip of the circus and it was made without mishap.

Last year an attempt was made to motorize a circus but with bad weather and bad luck, the show did not reach Newark in time for a performance.

The American Motorized people will give two performances a matinee, and evening show at 8:15 o'clock. A general admission of 75 cents is charged, and this includes the war tax. The first show was given Saturday at Columbus, and while the rainstorm in the afternoon interfered, people were turned away in the evening. The performance went smoothly and an excellent show was given.

The big feature is Adgie, the world's famous lion-tamer, and his five lions. A free act—Helen Ashburn in a sensational high-diving stunt—is given outside the tent. A parade was given at 12:30.

Huge motors with trailers carry the animals and paraphernalia, while large buses take care of the performers. Sleeping and eating tents are erected on the grounds for the performers, though they may go to hotels if they prefer.

From Newark the show will go to Co-shocton.

YOUTHS TAMPER WITH AUTO, OWNER CHARGES

Gilbert Claggett, residing at Fourth and Channell streets and Otto Nichols of the Mt. Vernon road, two young lads aged 16 and 17 years, were arrested last night about 9 o'clock by Officer Charles De Witt on the charge of tampering with an automobile in front of the Auditorium theatre. Emmet McGinnis residing on Route 2 out of Frazeysburg had been attending the picture show and when he came out he saw one of the boys at the steering wheel he claims, while another was attempting to crank it. DeWitt, a nearby and McGinnis called him and they placed the boys under arrest. They were turned over to the juvenile court today.

CHAS. WILSON RETURNS SERVES FOR BROTHER

After giving up his chance to remain at home and voluntarily relieving his brother of services in the army, so he might support his mother, Charles Wilson has returned to his home in Newark, from service overseas.

When the draft numbers were first drawn it was found that Arthur Wilson was drawn. He was the only support of his mother and Charles Wilson who was absent from home learned of his brother being taken. He returned home, persuaded the draft board to take him instead.

He saw service with one of the famed organizations, the Second division and participated in the big battles. He returned to his home in Dewey avenue Saturday evening.

BUYS GIORGETTI BLDG. AS INVESTMENT ONLY

The Giorgetti building was purchased by Meyer & Lindorf as a real estate investment only, according to a statement given out this morning by A. R. Lindorf.

"The true facts in the case are," Mr. Lindorf said, "that we purchased the Giorgetti property purely as an investment. We believe in the future of Newark, that it will have a steady, prosperous growth and substantial industrial boom."

"We leased the Hull building for a term of years with a privilege of renewal. We will not build on our new acquisition at the present time."

Regarding the bringing of a factory to this city employing 700 people, the story evidently grew out of the fact that Mr. Meyer is interested in a company being promoted in Detroit.

NEW YORK HARD HIT

(Continued From Page 1) strike leaders will be made this afternoon at a conference with the public service commissioner, Nixon.

The men demand an increase of 50 percent in wages. In the negotiations last week a 10 per cent increase was offered by the company.

The only subway in operation in Manhattan was the Brooklyn Rapid Transit line from 59th street to the downtown districts.

The city operated several motor bus lines, charging a 10-cent fare, but private busses, trucks and automobiles charged from 50 cents to \$1.00.

ARABS ARE DISSATISFIED.

Paris, Aug. 18.—Prince Faisal, son of Hussein Ben Ali, King of the Hedjaz, will embark at Beirut today to come to Paris and resume his place at the head of the Arab delegation. He is dissatisfied with the settlement of Syrian and Persian questions, according to the French press.

AT TO KILLS BOY.

Youngstown, Aug. 18.—John Casey, 9, was instantly killed, Donald Hutchinson, 5, and Edward Jamison, 8, were perhaps fatally injured, and three other boys were slightly hurt at Sharpsville, Pa., last night when an automobile driven by Robert Chambers, Sharpsville, plowed into a group of boys sitting on a curb.

BIG PLANE MISSING.

Paris, Aug. 18.—Anxiety is felt here over the lack of news of the arrival of the giant airplane Goliath at Dakar. The airplane was last reported Saturday morning at 2:30 o'clock passing above Port-au-Prince, 500 miles from Dakar. At that time the machine had accomplished the worst part of the journey from Mequador to Dakar, having crossed the Sahara.

ARABS ARE DISSATISFIED.

Paris, Aug. 18.—Prince Faisal, son of Hussein Ben Ali, King of the Hedjaz, will embark at Beirut today to come to Paris and resume his place at the head of the Arab delegation. He is dissatisfied with the settlement of Syrian and Persian questions, according to the French press.

They let you in on an entirely new kind of cigarette enjoyment

Yes sir, Chesterfields have opened the door wide to all comers who want to enjoy a cigarette as they never have before.

Chesterfields do more than please the Taste

They go straight to that "smoke-spot" of yours. They let you know you're smoking. In short, they satisfy.

And only Chesterfields do it!

Because, unlike a patent, the exclusive Chesterfield blend—TURKISH and DOMESTIC tobaccos—cannot be copied or even closely imitated.

That's why it's "Chesterfields" if you want this new kind of cigarette enjoyment—

They Satisfy

20 for 18 cents

Moisture-proof package keeps them firm and fresh, whatever the weather.

\$15,000 RANSOM

(Continued From Page 1) uation and called for immediate adequate action." The consul at Juarez also has been instructed to take all possible steps with the Mexican authorities there to secure release and protection of the officers.

State department officials said the ransom demanded would be paid as soon as information could be had as to where and to whom the money was to be delivered. It has not been decided whether the United States would furnish the sum and charge it against the Carranza government or call upon the Mexican government to pay it direct.

El Paso, Tex., Aug. 18.—Every effort was being made today to expedite the rescue of Lieutenants Paul H. Davis and Harold G. Peterson, aviators of the United States army, who are held for a ransom of \$15,000 by Mexican bandits somewhere in Mexico, south of the Big Bend district of West Texas.

While no official announcement has been made by the military authorities, it was understood that the ransom money had been a long time for a local bank and that a messenger would be started during the day for Candalaria, Tex., where he would receive instructions about handing over the gold to an agent of the bandits. Cattleman attending a cowboy camp meeting at Ford Davis, Tex., also raised \$15,000 in 15 minutes, Sunday, and placed it at the disposal of the military authorities.

After eight days of suspense since the aviators paroled the bandits, messengers were received by military authorities at Marfa, Tex., yesterday, demanding payment of the ransom in gold to be taken to Kibitz, Tex., Candalaria, Tex., before tonight, or the Americans would be killed, according to the message.

Another message, signed by the aviators, accompanied the demand for the ransom, in which they stated that the sum demanded was to be turned in the message from the bandit leader.

They also sent messages to their relatives in Stratford, Cal., and Hutchinson, Minn., asking them to see that the ransom was paid at once. Another message was sent to Candalaria, Tex., addressed to talking Kibitz, an American, and signed by one of the bandits, saying they would kill the aviators if there were any signs for American military forces were attempting to pursue the bandits.

Replies were sent from the aviators of Lieutenants Peterson, stating they would furnish the ransom demand in a matter of hours and his command if the government failed to furnish the money, according to messages from Marfa.

These replies were immediately given to a courier who attempted to reach here.

Flies Cut Down Milk Yield

There's no doubt about it. Flies not only worry the cows and the milker, but they keep you from getting all the milk you should.

And there's no doubt about this either. The one way to get rid of flies at milking time—and the sure way to get more milk is to use

Pratts Fly Chaser

Spray it on just before milking. PRATTS does not taint the milk. PRATTS does not burn or blister the hide. PRATTS does not take off or gum up the hair.

Give your cows a chance to give more milk. Give your work animals a chance to get their rest. Give PRATTS a trial.

LET'S WIN THE VICTORY SHAFT--BUY W. S. S.

FT. WATTERSON WILL CELEBRATE JUBILEE

Rev. Charles Watterson pastor of the church of the Blessed Sacrament left Sunday for his home in Pittsburgh where on Tuesday he will celebrate his silver jubilee. He will say mass in the church in which he said his first mass 25 years ago and a dinner will be given him by his sister Mrs. Charles Watterson. Before leaving the ladies of the T. V. C. club presented Father Watterson with a handsome purse. In his absence Rev. Father Hissenburg, from St. Joseph's at Somerset is in charge here.

STOP AND THINK WHAT THE VICTORY SHAFT REALLY MEANS

The Victory Shaft itself is worth only \$10,000, but that which it represents is worth many times its intrinsic value.

Stop a moment and think what it will be worth to this county to be known from coast to coast as a 100% war work county and the leader in War Savings Stamp sales. Licking county over-subscribed all of the Liberty Bond issues, but so did many other counties. In this stamp drive Licking has the opportunity to stand head and shoulders above all the rest and to win a soldiers' memorial that will be a lasting reminder of the community's 100% war record.

The letter carriers' contest has made James G. Cooper known the country over. In Cleveland yesterday Cooper was given a gold medal by the U. S. Treasury Department, and the picture of the presentation is to be flashed on "movie" screens throughout the country. The publicity attending Cooper's victory will be small compared with that attending the winning of the Victory Shaft.

Only one shaft is to be awarded. It is a gift from the Barre, Vermont, granite manufacturers. It goes to the leading county in the leading state. Licking county is today in first place, but two other counties are crowding. If this prize, this national honor, is to come to this county, great effort is necessary, as the contest ends on August 31st.

The Licking county war workers will stay on the job till the finish. These men, whose refused their discharge certificates last Thursday, are working to win. Every stamp counts. Every "limit" purchase helps greatly. One stamp costs \$4.19, two hundred cost \$838. Instead of buying stamps, one may obtain Treasury Certificates in denominations of \$100 or \$1000, if desired. These stamps and certificates are the best investment in the world. One can't possibly lose a penny and is sure of getting back all of the money, plus interest, at pleasure.

You've no doubt been buying W.S.S. Nearly everybody has been buying stamps. That isn't the point. If Licking is to win, more stamps must be sold this week and next—thousands of stamps must be sold if this county is to win.

After leading the whole country all summer, with the exception of a few days when another county nosed ahead in the race, will Licking now fail in the last few days of the big drive?

The thing that the Victory Shaft stands for is worth winning. It isn't the shaft that this county is after so much as it is the honor of being recognized as the leading county in war work. Let the slogan be "Over the Top" once more and for the last time. Who is not willing to lend a hand and bend every effort during the next few days (August 19 to 30) in order to bring national distinction to his home county? Let's be counted a winner. It can be done.

NEARLY 50,000 AT EVENING CONTESTS

Twilight League Has Unexpected Success—190 Different Players Engaged in Playing Schedule.

The Twilight league which has just closed, started out as a sandlot affair and grew into such a popularity that it has captivated the attention of the public for several months. The following comments give an idea of what some folks say:

"There hasn't been a thing for years in Newark to equal it."—Newkirk.
"It's sure been great."—McGill.
"The city certainly has taken an interest in the games."—Pinkerton.
"Amateur ball in Newark was never so well supported."—Clemmeyer.
"It has aroused talk of bringing back professional ball."—Wills' Heisey.
"It's been fine."—Stanford.
"Really, the Twilight league furnished the only amusement in Newark for the summer. It has been a wonderful success."—A. Fan.

In the 45-game schedule of ball only one game was postponed on account of rain. Because of the games and the one protested, it was necessary to play a total of 51 games.

The attendance of the games by months:

May—12 games; 3200 spectators.
June—14 games; 5500 spectators.
July—15 games; 19,400 spectators.
August—10 games; 18,500 spectators.
Total—49,450.

During the season 190 different players took part in the games.

The team batting averages are as follows:

Club	AB.	H.	Pct.
B. & O.	475	113	.237
Wehrle	459	109	.237
Heisey	475	110	.231
Buckeye	471	103	.218
A. P. Heas	462	101	.216
Midland	447	90	.201

The leading run-getters of the league: Wilson (Buckeye), 14; Nutter (B. & O.), 14; Fairall (Heisey), 12; Fisher (Heisey), 12; C. Koblenz (Midland), 11; House (Wehrle), 10; Smith (Heisey), 9.
The leading pitchers: Rapp, 550; Valentine, 545; Mallory, 444; Bowie, 437; Chaney, 384; Hendren, 347; Denison, 333; Beene, 333; Nutter, 326; House, 320; Napier, 312; W. Kelly, 312; Newkirk, 311; Wilson, 304; Hayes, 300.
Home runs: Hunter (Buckeye), Fessles (Pharise), Bolesky (Midland), M. Layman (Wehrle).
Leading with triples: H. Koblenz (Midland), 3.
Leading with doubles: Denison (B. & O.), 8.

The "D. S. O." has a membership of 29, led by Keck (Wehrle), Franklin (Kehrlie), and Hendren (B. & O.), with two memberships each.
The "Weston" club which confines its membership to only those who walked over ytime at bat during a game, has two members—Newkirk (Heisey) and Jones (B. & O.).
The league strikeout record is held by Ertley. In his game against Midland, May 30, he struck-out 17 men.

Dining a la Plana

"Some day," remarked the gourmet, "we shall be able to dine perfectly. Many cities have their food specialties, and unless eaten on the spot they are never so good. There's where the swift airplane comes in. I shall begin my meal in Boston with steamed clams. Ten minutes later I shall be in New York enjoying a plate of delicious turtle soup. This is followed by a planked shad in Philadelphia and chicken and waffles 'Maryland style' in Baltimore. Next, on to Richmond for a course of Virginia ham and salad. To Florida for dessert, and then, the wind being favorable, I cross to Cuba for a perfect cigar, and the meal is finished."—Boston Transcript.

CONSUMERS URGE TO CONSERVE GAS

Within 10 Years at the Most Newark Consumers of Natural Gas Will Be Without the Convenience of This Ideal Fuel, Says L. F. Carl of the Local Gas Company.

The supply of natural gas is fast being depleted and it will be only a short time until the consumers of natural gas in Newark will be required to seek another fuel. In former years the wells that were drilled were nearly all producing wells. Today the number of wells that are producers are very few and those that do are producing gas in small quantities and at very low pressure. The gas fields have been depleted through the wastefulness of the consumers.

Artificial gas costs more per thousand feet than natural gas and has fewer heat units per thousand feet. Natural gas has from one thousand to twelve hundred heat units while artificial gas has about 800 and fifty, at a cost of from a dollar and a quarter to a dollar and a half.

If the consumers of natural gas here in Newark had conserved the use of natural gas they might have had this ideal fuel for nearly a hundred years to come. Gas in furnaces and the large users will have to abandon the use of natural gas if they would have it for use of cooking and lighting. If this is done now we may be able to have this ideal fuel for cooking and lighting for a number of years. If on the other hand they continue to be wasteful and make no attempt to conserve its use, it will only be a short time before natural gas will be a thing of the past.

Sandusky, because of gas depletion, will be compelled to begin the use of artificial gas within a year, or as soon as the plant for the manufacture of artificial gas is completed. Indiana exhausted her supply of natural gas within 16 years because of her extravagant waste, when with proper conservation her supply might have lasted for 60 to 70 years.

The consumers of natural gas in Newark are facing the same critical conditions that Sandusky and Indiana have come to. Are you willing to help conserve this ideal fuel, or are you going to exhaust the supply through carelessness and wastefulness and soon be without natural gas for cooking and lighting?

Mr. Carl stated that the local gas company are trying to enlighten the public through the publishing of advertisements in the local newspapers, bringing the situation to the attention of the consuming public. Unless some adjustment takes place on the use of natural gas will be a thing of the past.

The local gas company are placing the facts squarely before the public and it is up to the consumers to face these facts squarely. It is a serious question and one that must be solved in the very near future if we expect to continue the use of natural gas for cooking and lighting.

WAS ADVISED TO USE NERV-WORTH BY TWO DOCTORS

Charles F. Johnson Makes Significant Signed Statement.

Mr. Johnson says that when advising himself and wife to take Nerv-Worth the doctors spoke of it as "fine medicine." Here is the story as given to the Columbus Nerv-Worth druggists not long ago:

The Mykrantz Co.—My wife and I used Nerv-Worth for a wonderfully beneficial result. She had been troubled for years with severe nervousness. Pains in the back of her neck. Stomach and digestion in bad shape. Restless at night and very much run down. I had serious nervous trouble. Tired about the bed all night long and worn out by morning and it was pulling me down in strength and something had to be done to get relief as it was affecting my weight. We both found it in Nerv-Worth, which put us in good shape and did it quick. It is a wonderful medicine and tonic and rid us of all our nervous trouble. We both eat and sleep well and enjoy good health. We recommend Nerv-Worth to all. It was recommended to us by two doctors.

CHARLES F. JOHNSON,
260 West Third Ave., Columbus.
T. J. Evans sells Nerv-Worth in New York. Your dollar back if the famous family tonic does not benefit you. Neighborhood Nerv-Worth stores: Howard's, Johnston's, Ullman's, Granville, The Ullman, Utica.

A company has been formed in Natal to distill 2,000,000 gallons of motor fuel a year from molasses.

"Peace or no peace, it'll be a long time before I quit 'teed' under the bed when Germany is mentioned," said Squire Marsh Swabert today. You kin go broke quicker with a sody fountain than you used to could in a saloon an' you don't get no bologna or ball scores neither.

NEWARK RECRUITS MAY FLY TO DAYTON FIELD

Three Newark men who enlisted Saturday in the army air service will get an early opportunity to fly, according to an announcement made by Sergeant James E. Power Monday. The men were sent to the Columbus Barracks for formal enrollment and will be permitted to make the trip to Wright Field, Dayton, by airplane, if they so desire, Power said.

The three recruits are Jay M. Brooks, Buckeye club; Robert E. Hake, 105 Moultrie street, and Frank C. Spiegle, 21st street. Brooks was recently discharged from Company K, Fourth battalion, First gas regiment. Upon reenlistment, he chose the air service for the purpose of learning a trade. He enlisted for one year only.

All the recruits selected Wright Field, Dayton, as their choice of station, under the new recruiting regulations which permit the recruit to select the army post or station where he prefers to serve.

All That Was Left.
I hear he got his wife out of a department store.
He must have proposed on remnant day.—Kansas City Journal.

MAY BE CHOSEN AMBASSADOR FROM GERMANY TO U. S.

Dr. W. S. Self, former German colonial secretary, is mentioned now as a possibility for the post of ambassador to the U. S. from Germany.

This is Certain-teed Week August 18 to 23

This is a "big" week the country over—a week especially set apart by Certain-teed dealers to assist you in properly starting your new home and in setting your present house in order for the fall and winter.

Every home and building needs Certain-teed extra quality roofing or paint; possibly the interior wood-

work needs touching up a bit, or the floors need a coat of wax or varnish.

You will find it to your advantage to visit your Certain-teed dealer this week and learn from him how you can carry out your plans at the least expense and with the best results.

Your Certain-teed dealer will advise you in making the selection which will best fit your need.

And whenever you have painting or roofing work done, make sure to specify Certain-teed. You will then be assured of the best and most lasting results.

FOOLISH EXPENDITURE.

A Henderson, Ky., man writes to The Outlook protesting against the lavish expenditure in which he finds many of his neighbors indulging. He tells about a farmer, who having sold his tobacco crop, blew in \$50 of it for six silk shirts at \$10 each. He says he sees around him daily, almost hourly, similar examples of foolish waste.

There are great numbers of people without bank accounts who during war period acquired expensive dresses, furs, jewelry, and other luxuries. There was much complaint of extravagance upon the part of young people who during that period earned very high pay. Young fellows who previously could have earned but a dollar a day, but then drew three to five more dollars, were tempted to throw it around with lavishness born of inexperience and unfamiliarity with life.

The easy money of the war period has to some extent passed by. Still many people are earning very freely. If they do not have a family to support, the crisp dollar burns in their pocket books. There may be little left from one Saturday night to another. Boys earning good pay throw out 50 cents or a dollar to treat the bunch to sundae, with as little thought as their father gave to the expenditure of a nickel.

Meanwhile capital is scarce. The farmer can't get money to improve their farms and increase their production, hence scarce food. The manufacturers can't get money to develop water powers and reduce their costs, hence higher prices for manufacturers. The railroads can't get money to improve their facilities, hence higher cost freights. The people must learn to save before the country's work can be efficiently and cheaply done.

Those who throw their money away in superfluities will be the first to complain when later they find themselves up against the high cost of supporting a family.

Manufacturers in session at Dayton are no doubt foolish enough to think that the making of a huge campaign fund for Republicans in 1920 will bring back those wonderful days. They have made their own choice, believe that all that it is necessary to do is to elect a Republican president and later will be put back in the place it once occupied, where it can be reduced and the old order of affairs will return. But the old order will never return. A few days has been given and the day is gone when money will buy power to oppress the people.

Republican leaders are showing signs that they believe 1920 will mean the return of their good old day. They are beginning to believe that for a governor. When it is recalled that Cole was turned down for a nomination to command the Ohio army, it is not surprising that he should have been voted times without number, with Joe Cannon and the anti-trustists. It would seem that the return of the good old days will be a long time coming.

It is not to be noted that the state board of education promise wonderful reforms in the government which they will implement. One "reform" that a people of Ohio would welcome from these boards is a sine die adjournment.

THE FOOD PROBE.

The Ohio food probe, directed by the governor and attorney general is proceeding along the right lines and the governor's statement that they are mightily close to very rich pay dirt will probably be disconcerting to the Republican state advisory committee which has conducted a statewide propaganda belittling the probe and questioning its sincerity. But the average man, to whom the high cost of foodstuffs is more than a problem, will view it differently.

Some newspapers of the state are following the lead of the advisory committee and by ridicule and insinuation doing all that is possible to hinder the probe. They are informing the farmers that the governor and attorney plan to reduce the amount they are to receive for their produce. The fact is that the probe is not directed against the producer, except in rare instances. It is recognized that the farmer is not receiving the increase that has been brought about in foodstuffs. Correction of many evils of the present system of marketing may be brought about so that the farmer may sell to the consumer without the interjection of so many middle profits. The investigation thus far makes it patent that the combination of and collusion between some of the middlemen is where the fault lies.

The farmer is vitally interested in this battle just as is the ultimate consumer. Both should render every assistance to officials of the state who are doing their utmost under the most trying conditions. Prosecutors who fail to act or refuse to act and newspapers that impugn the purpose of the probe should be made to feel the lash of a sorely tried public.

THE ONLY WAY OUT.

(By Henry Clews)
This country is passing through one of the great, if not the greatest, crisis in its history. Though far distant from the seat of war, and much less injured than any of the combatants, we are feeling the economic results almost as sharply as they. The very fact that we are suffering less means that we must help more; hence in the work of reconstruction our burdens are actually much heavier than we had ever expected them to be. We have not only been obliged to feed Europe more freely than usual with our spare grain and meat, but now that peace is here we are also called upon to suddenly furnish immense quantities of cotton, copper, petroleum and steel products, in order to fill up the void created by five years of intense destruction. Europe's demands are not easy to measure. In addition to those just mentioned we have been called upon to provide ships, coal, credit and many other things formerly obtained from other sources. Such exceptional demands forced high prices in every direction and the urgency of these requirements enables labor to insist upon higher and higher wages. Domestic extravagance is also an important element in high prices. Whether these movements have reached their climax or not depends upon how far the demand has been met. Where buyers cease striving for goods, because either satisfied or exhausted, then the advance will surely end and dullness ensue until demands receive fresh stimulus from new inquiries or lower prices. As long as these conditions last, it is useless to expect industrial stability. Return to the normal will require many months of large production and hard work. The Federal Reserve Board wisely said that the only cure for the present crisis is "Work and save." This applies to all classes of workers, those of hand and head alike.

Washington will be the center of interest for the balance of the year at least. On the surface our foreign relations appear to be the chief factor. As a matter of reality, our industrial problems are of far more pressing importance. The stoppage of profiteering is the most important of these, and the government is playing politics with the peace treaty. It was urgent that an immediate check be placed upon the rise in prices, which may modify the advance in costs somewhat, but cannot stop the demands for high wages. The latter are based not altogether upon high prices, but in part upon the desire to secure a larger share in the general prosperity as long as it lasts. The Railroad Brotherhood very sensibly took President Wilson's advice in the early part of the higher wage demands, postponing them for more deliberate consideration and without striking. The public is weary of innocently suffering, not only the inconvenience of these transportation strikes, but also of paying the costs in higher fares or taxes. And if labor leaders persist in pushing these tactics too far, an unpleasant surprise may be in store for them.

The movement for governor ownership has been fairly launched, and it is practically certain that it will be a live issue in the election. The disinterested and thinking classes of the United States are on record as opposed to government ownership because it destroys personal initiative, the most powerful incentive to all progress. The radicals and the ignorant favor government ownership for socialist and other reasons. The great middle class, the one that will probably ultimately settle the question, is undecided and slow as usual in making up its mind. If the subject is intelligently discussed, they may prefer private ownership, backed by efficient regulation, which hitherto has not been in evidence. Labor seems likely to err by deliberately choosing a system that if adopted will eventually result in fixed wages and compulsory work. Stockholders have little to fear in either direction for the roads are at low ebb in their financial affairs, and the government will be obliged to pay a fair price for properties which could not be replaced at anything like present market values.

ANDREW CARNEGIE'S RELIGION.

When Andrew Carnegie died and it came time to make the funeral arrangements, nobody seemed to know "where he stood" on religious matters. They did not know what church he belonged to, or whether he belonged to any church, nor what he thought about the matter. The account of the affair contained in this column.

The columns of the Newark Advocate have been closely examined with a view to ascertaining his idea of the future life, and it was pointed out that while there was no definite expression of his attitude of his attitude toward organized religious work, it was made

THE ADVOCATE'S FLAT-IRONING IDOL

Nature has sometimes made a fool, but a cockroach is always of a man's own making.—Addison.

While the Supply Holds Out.
The rich ruby red of her lips will never fade.
And the rose of her cheeks will not wither.
For as long and as long as the lip sticks are made.
And the output of rouge does not fail.

A Real Antique.
Aunt Calline says—Ab Sura has got him a new otto, which it is a second hand one, an yesterday he come around in it an' took I an' Zeke out for a ride. We had got quite a peace from home when something or other happened to the works of the otto an' she quit ride spang in the middle of the road. So as Ab didn't no nothing much about a otto, he an' Zeke drove it to one side an' we walked over to where a house was at. When we got up close we seen it were a eating house so we all went in an' ordered supper. The man kept a-talking to us whilst we was eating, which Zeke hated like pizen. He says, "Most everything in this room is old an' has a hist'ry," says he. "I can well believe you," says Zeke, "what, fer instance, is the hist'ry of 'this pie'?" says he.

The Latest Valuation.
We suppose it's about six of one and half a dozen of the other whether it is the Chicago Tribune's opinion or Henry Ford's reputation that's worth six cents.

Did You Know?
That the art of turning with a lathe dates from a very early period? Pliny

plain that he believed implicitly in a higher and better world.

The sentence was unnecessary. Hard headed old Andrew Carnegie believed implicitly in a higher and better world, of course. His whole life-work showed it. What man in the history of the human race ever accomplished anything who didn't believe in a higher and better world? Materialism gets a man nowhere; it never has and it never will. Success in any line of endeavor is hedged about by narrow limitations where one believes only in himself and the things of this world. There are too many heart-breaking disappointments in life for one to go forward to the gates not his eyes to the skies while making his way over the rough road he has to follow.

Readers' Viewpoint

About Blackberry Pickers.
Editor Advocate
I also beg your indulgence to reply to a South Side Resident who asks where the farmer is who isn't guarding his garden etc? I can tell him the farmer and his family are out trying to take care of their harvest for at the present day the women and children have to help as well as the men. And the kind of courtesy they receive from the city folks or rather the trespassers from the city is an insulting remark as to our personal appearance. I also think that the S. S. R. must have quite a capacity for berries if he needs must pick in several townships as he says he did. And I want to also inform him as most every one does know that berries grow on vines and not on stalks. He says he has never seen a fence broken or gate left open. I wish he had been with me not very long ago on a hot afternoon when a gate between a pasture and a corn field and woods was left open by trespassers and helped me (as the men were harvesting) get 14 head of cattle out of that large field of tall corn and woods. I will venture to say at the end of the three hours it took to get the cattle back to the proper place he would say "When a man's right he is right, but when he is wrong he is nobody." But I am sure he would have a different nobody than when he wrote to F. T. F. Thank you.

No Task at All.
Borrow: I tell you, it's very hard to be poor.

Hurduppe—H'm, I find it the easiest thing in the world.—Pearson's.

Heridity.
Auntie—The dear little baby is just as good as pie!

Uncle—Takes after his dad, I reckon. He's a crusty old thing.

attributes its invention to Theodoros of Samos about 600 B. C. Turning is used for shaping articles of wood, metal or ivory. The potter's wheel was in general use long before the invention of the lathe.

Correct.
My son, you should pay as you go, (give ear to what I'm saying). Or some day you will cause great woe. By going without paying.
—Luke McLuke.

Quite right you are, dear Luke McLuke. You always are, I know.
The man who pays just as he goes Will find he'll never owe.
—Hastings (Neb.) Tribune.

Although we're on our onward way,
Why be in such a hurry?
Our creditors if we can't pay,
All well know how to worry.

Ichabod.
Of noble birth was William Penn.
Yet scorned ancestral gold and acre
To join a sect of pious men
And be a Quaker.
—Carolyn Wells, syndicated.

A clever mind had Carrie Wells.
Yet she has let her talents shrivel
And now to various sheets she sells
This dreadful drive!

—Cleveland Plain Dealer.

She wrote the world's best limerick.
She wrote for fun, and it was funny;
But, hoping now to turn the trick,
She writes for money.

Pull or Push.
"I know I'd be successful if I had a pull," said Bush.
He doesn't know, the silly stiff,
That what he needs is push.
—Newark Advocate.

Push is quite a tonic when
Taken with a dash of pep.
For 'twill make all hugging men
Brace right up and keep in step.
—I. G.

WAR SAVINGS STAMPS

Township Chairmen Roland of Perry, Dushmeier of Franklin and Bartholomew of Union, called Saturday bringing encouraging reports. These leaders have their forces ready for the final drive this week and next and their reports are going to make folks sit up and take notice.

Postmaster R. D. Brown of Pataskala, reports a limit sale of W. S. S. to Charles E. Poff, R. D. 5, Pataskala.

Mrs. J. W. Hornby reports the sale of 200 W. S. S. to Mrs. Cyrus Pitzer of Licking township. Mr. Pitzer became a member of the "Limit club" last week.

Mr. and Mrs. James G. Cooper left yesterday for a lake trip to the "So." At Cleveland Mr. Cooper was presented with a gold medal by the U. S. treasury department for being the champion W. S. S. salesman among 100,000 letter-carriers. Cooper will be home to help in the last week of the Victory shaft contest.

General Chairman E. C. Wright of the war-work committee, left yesterday with Mrs. Wright for Europe, turning over the war-work leadership to Vice Chairman A. R. Lindorf. Mr. Lindorf has been serving on a special soliciting committee for W. S. S. and is thoroughly "sold" on the proposition to win the Victory shaft for Licking county. The way to win is for everybody to buy W. S. S. this week and next.

Is it worth anything to Licking county to be known the country over as the leader in Ohio? Is the Victory shaft worth winning? Then buy W. S. S. all you can this week and next.

Licking still leads in the Victory shaft contest, but two other counties are crowding. Buy W. S. S. this week and next and keep your county at the head of the procession.

The war-work committeemen who are devoting their efforts this week and next to the sale of War Savings Stamps intend to make Licking county stand first in the state and nation. They meet August 29 to receive their final discharge from service and to submit sales reports.

GALILEAN SHRINE.

At a meeting of Galilean White Shrine No. 18 order of the White Shrine of Jerusalem last Thursday evening, 40 members of Mt. Olive Shrine of Columbus were present to exemplify the work. A 6 o'clock dinner was served at the First Presbyterian church. The dining room was decorated in the Shrine colors of white and gold. After dinner the members and visitors returned to the Shrine room in Moose hall where the regular work of the order was exemplified by Mt. Olive Shrine in an impressive manner. Notable among the visitors from Columbus was Past Supreme Officer of the Supreme Shrine of the world, Mrs. Jennie Skidmore and Mrs. Elizabeth Knichon. Among the other out of town guests were the worthy high priestess and several members of Zanesville. Worthy High Priestess Mrs. Hixson and members Mrs. Frouce, Mrs. Firestone, Mrs. Hogan, Mrs. Carnal, Mrs. Bracey and Mrs. Ruth Firestone of Cambridge and Mrs. Jones of Denver, Colorado.

MOROCCO BANDITS ACTIVE.

Paris, Sunday, Aug. 17.—Moroccan brigands under command of their leader, el Raisuli, are reported to have ambushed a Spanish force accompanying a food convoy between the towns of Saguela and Ravia, killing 12 soldiers and wounding a number, four officers being among the casualties. The convoy escaped.

LONG-RANGE WIRELESS.

Paris, Aug. 17.—The new wireless station to be erected at Croix d'Hins, near Bordeaux, will have a sending radius of 12,500 miles, according to the Excelsior. It will be one of the most powerful wireless stations in the world, the power added with five times the strength of the Eiffel Tower, three times that of Lyons, and twice that of Nauen.

DISCUSSES SITUATION.

Paris, Aug. 15.—The Hungarian situation was discussed by the supreme council today. Frank L. Polk, head of the American delegation, who visited the battlefields of France over Saturday and Sunday with A. J. Balfour, the British foreign minister, and Signor Tittoni, the Italian foreign minister, returned to Paris today.

A South Dakota inventor has patented a device that enables photographic plates to be loaded into holders or removed and developed in daylight.

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Licking Motor Sales Co. Changes Hands

I WISH TO ANNOUNCE to the general Public in this vicinity that I have purchased the interests of Messers. Edward Hatfield and J. R. Tavenor in the Licking Motor Sales Co. and will continue the business under my personal and direct management.

I WILL CONTINUE TO HANDLE THE MITCHELL, DORT AND JORDAN AUTOMOBILES WHICH WILL BE SOLD AT THE LOWEST MARKET PRICE.

I have also combined my well-equipped service station located in the old Ball & Ward carriage shop, First and Church streets, with the sales business. This will afford every owner of an automobile absolute assurance that prompt and efficient service on all cars, but more especially on Mitchells, Dorts and Jordans, of having their work done promptly, efficiently and at a very moderate price.

I will also continue to handle a full line of tires and every other automobile accessory of the highest class, and at lowest prices.

Your patronage is respectfully solicited and an effort will be earnestly made to give perfect satisfaction.

W. D. COEN

Sole proprietor and manager Licking Motor Sales Co.

SUNDAY COMES SIX TIMES A WEEK FOR THIS YOUNG WOMAN

Miss Vera L. Noyes.

There are six Sundays in a week in Gary, Ind., at least Miss Vera L. Noyes claims there might just as well be for as teacher in the school of religion of the Episcopal church she holds Sunday school all week long, with Saturday as a holiday.

Episcopal children who attend one of the public schools which is next to the school of religion may attend Miss Noyes' classes for one hour a week when permission from the school authorities is asked by their parents. Other such schools of religion are to be established by the Episcopal church. The first will be in Toledo.

played in the adjutant general's office at Washington, are visiting their parents, Mr. and Mrs. J. P. Coke in West Main street.

Mrs. Spray Gaine and daughter Becky spent Sunday at the Douce home in Delaware.

Our Boys and Girls

Fear and nervousness are not always the causes of so-called night terrors with small children. Heavy meals late at night are a frequent and fruitful source of trouble. Irregular and improper feeding, indigestible meals and indulgence in sweets all act by upsetting the digestion and causing reflex irritation of the brain or nervous system.

In the treatment of night terrors a simple diet should always be tried in the first instance, as digestive disorders are often associated with this sign of ill health. Feed regularly, give no snacks, no sweets and no heavy meal at bedtime. For children of six, or seven, try the effect of stopping the usual meat and rely on bread and milk, porridge, eggs, fish and simple nursery puddings.

Fatigue, whether nervous or physical, will cause disturbed rest, dreaming and starting while asleep. Children should not be allowed to overtake themselves at games or play, or to take up mental work at school which is too much for their health and strength.

Fond of Papa.
"Friend—I suppose the baby is fond of you?"
"Papa—Fond of me? Why, he sleeps all day when I'm not at home, and stays up all night just to enjoy my society."—Rochester Post-Express.

SOCIAL AFFAIRS

The third annual meeting of the Ohio Virginians Association will be held at Moundbuilders' park on Sunday, September 14. All natives of Virginia living in Ohio and their families are invited to attend the outing. It is the plan of the association to hold a reunion of the Virginians and the old Virginian handshake will greet all visitors. A program of music, speaking and a dinner will be given.

Mr. and Mrs. E. C. Wright, left Sunday for New York and they will sail on Wednesday for Europe. Mr. and Mrs. Wright joined the H. G. Dawes party in New York and will spend about six weeks abroad.

The members of the Samaritan Bible class of the Plymouth Congregational church will meet on Thursday evening, August 14, at the home of Mrs. Ona May in 69 Eighth street.

An announcement of much interest to Newark friends was made in Columbus when Dr. and Mrs. O. M. Kramer announced the engagement of their daughter Miss M. Dorothy Kramer to Mr. Herschel S. Stephan, son of Mr. and Mrs. A. S. Stephan of West Church street. Miss Kramer with her family formerly lived at Hebron.

The marriage will be an event of the early fall. Miss Kramer completed her junior year at Ohio State University in June, where she was prominent in college circles. She was social secretary of the Y. W. C. A. cabinet, a member of the Mortar Board, Chimes and the Girls' Glee club; junior chairman of the War Workers at Ohio State and one of the fifteen representative young women of the university chosen by this year's "Makio" board on the basis of campus activities. Her father is physician at the Ohio penitentiary.

Mr. Stephan was graduated from Ohio Wesleyan University at Delaware in June and he is a member of Sigma Chi fraternity. He is employed as a chemist with the Union Furnace company of Canton.

The Semper Fidelis class will hold its annual picnic Tuesday afternoon at 3 o'clock at the Four Mile Locks. In case the cars are not running and it rains the class will go to the home of Mrs. C. G. Hazlett in Hudson avenue.

The bans of matrimony were published for the third time Sunday in the Church of the Blessed Sacrament for Mr. William Welch, a Baltimore and Ohio engineer of this city, and Miss Nora Callahan of Sweet Springs, West Virginia.

Simplicity marked the wedding of Miss Dorothy Dawes, daughter of former Congressman and Mrs. Beman G. Dawes, to Captain David Harold Young, Saturday, at the home of the bride's parents, 100 East Broad street, Columbus. The home was decorated in red, white and blue flowers. There were no attendants. Rev. Arthur Beach of Marietta, the bride's uncle, performed the ceremony. Among the guests was Brigadier General Charles G. Dawes of Chicago. Captain and Mrs. Young will reside in Washington. Mr. and Mrs. Dawes have a summer home south of Newark, and the bridegroom is a brother of Mrs. Grover Montgomery, formerly of Newark. Among the guests at the wedding were Miss Mary and Elizabeth Owens of Newark.

Every Day Etiquette

"Will you please tell me how I should sign my name, as I am married, have some property, and do some legal business?" asked Mrs. Updodate.

"You should sign your name as 'Mary Ann White.' In concluding a business communication you may write your married title in brackets under your name, if you like but it is not necessary," replied Mrs. Modernwoman.

A Pessimist.
Private—The country is going dry. It will bring sunshine into many a home.
Private—Yes, and moonshine, too, brother.—Tenshun 21.

ITALIAN LEADER, COUSIN OF KING, WILL VISIT U. S.

Duke D'Aosta, a recent photograph.

Duke D'Aosta, commander of the Italian third army during the war and oldest cousin of King Victor Emanuel, will visit the United States soon, according to word from Italy. He will go to China and Japan from this country.

OBITUARY

Carleton Goff.
Funeral services for Carleton Goff were held this afternoon at 2 o'clock in the home in Sixteenth street. Burial took place in Cedar Hill cemetery.

Mrs. Jane Mattingly.
Mrs. Jane Mattingly aged 90, of Ellis station, died at the Good Samaritan hospital in Zanesville at 7 o'clock Saturday morning, following a lingering illness from infirmities. Before entering the hospital she made her home with her son, John Mattingly.

Mrs. Mattingly was a member of the Catholic church at the Mattingly Settlement. She was the widow of John Mattingly. Besides the son with whom she resided, she leaves one other son, Isachron Mattingly of Ellis station.

The funeral will be held at the Catholic church at Mattingly Settlement at 9 o'clock Tuesday morning. Burial in the church cemetery.

Mrs. Cora E. Harrington.
Mrs. Cora E. Harrington, aged 53 years died Sunday morning at the home of her daughter Mrs. Frederick Stough 108 Elmwood avenue. She was born in Martinsburg, Knox county. Three daughters survive, Mrs. S. J. Garber, Mrs. F. O. Stough, and Mrs. S. M. Hager all of this city. Two daughters Etchel and Hazel are deceased. One sister, Mrs. Laura McMiller, and two brothers Elsworth and William Henry also survive. Funeral services will be held Tuesday afternoon at 2 o'clock in the home in Fleek avenue and burial will be made in Cedar Hill cemetery.

Mrs. T. W. Leah.
Mrs. Rose Leah, aged 56, wife of T. W. Leah, the well known piano dealer died at her home 62 High street, Sunday morning at 3:15 a. m., after an illness extending over a number of years. She was a daughter of the late Mr. and Mrs. Peter Stare and leaves, besides her husband, two sons, Francis W. and Ralph P., four brothers and two sisters, Louis A., Frank L., and Mrs. Frank Campbell of this city, Edward W., of Aurora, Ill., George of Cleveland and Mrs. John Melley of Columbus.

Funeral services will be held Tuesday morning at 9 o'clock at St. Francis de Sales church and interment will be made in Mt. Calvary cemetery.

Milady's Boudoir

The Hair in Summer.
A shampoo once a week during the summer will be the first requirement for the fluffiest tresses. Only hair will require that amount of washing in sultry weather when the scalp becomes freely and the dust is flying about everywhere.

Have the water as hot as you can bear it, both for washing and for rinsing, and do not rub soap directly on the hair. It is difficult to get off even with repeated rinsings and nothing makes the hair so heavy and limp as soap left on after the shampoo.

Make a lather first by mixing some good prepared shampoo soap or scraped castile soap boiled in water, with a pint of boiling water. Pour into this a basin of water ready for the shampoo and, with a small brush, rub the lather well into the roots of the hair. During this process the hair should be braided into two braids and parted from the forehead to the neck to prevent snarling.

When well-soaped the braids should be loosened and the whole head plunged into the basin of soapy water, the whole head being rubbed into a fine lather with the finger tips. A pinch of borax in the water will help to cut the oil and makes the hair more dry and fluffy after the shampoo.

At least five thorough rinsings must be given to remove every particle of oil and soap from the hair. Not until the hair gives out a squeaky sound when a strand is drawn between the thumb and finger, is it completely rinsed and clean.

Now comes the drying, and be it remembered that the more quickly the hair can be made to dry the more fluffy and soft it will remain after the shampoo. If rubbed busily with bath towels and then briskly fanned, while the locks are lifted and shaken to turn, even a thick head of hair should be completely dry in 20 minutes.

Lacemaking Modern.
It is commonly believed that, so far as Great Britain is concerned, the lace industry was introduced by the Flemings into Bedfordshire in the first quarter of the seventeenth century; but this was a hand-made process, and lacemaking continued a hand industry until almost the very end of the eighteenth century. The manufacture of lace by mechanical means is, therefore, very modern in time, dating from the closing years of the eighteenth century or the beginning of the nineteenth century.

"The Store of Newark—Where Quality and Service Count"

How to be sure of rich, mellow Home-made Preserves

Experience has taught thousands of housewives that a preserving syrup made of 1/2 Karo (Red Label) and 1/2 sugar is the sure successful syrup for putting up fruit.

They get clear, firm jellies, preserves with a rich, heavy syrup, and delicious jams. Then, too, "candying" is avoided when they use this Karo method instead of all sugar alone.

This fine, clear Karo Syrup is a wonderful help in all kinds of preserving.

It blends the sugar with the fruits, brings out the rich, "fruity" flavor, and keeps your jams and jellies mellow in the glass.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

Use 1/2 Karo (red label) and 1/2 sugar

Makes perfect jams, jellies and preserves.

ACT QUICK 80 ACRES \$25,000

Located on Broadway, sixteen miles from Columbus, corners on corporation line of one of the finest villages in the state and with the best of shipping facilities. The land is every foot black and tillable soil with a gravel sub soil, and produces eighty to one hundred bushels of corn, and from thirty-five to forty bushels of wheat to the acre. The fences are wire and the drainage is as nearly perfect as it can be made, there being about eight thousand rods of tile properly laid on this farm. There is a nice apple orchard and plenty of small fruit. Barn 36x54 nearly new, absolutely up to the minute as to equipment. Hog pen, latrine, coal house and all other necessary buildings. The house is an eight-room frame in good condition, ideally located, gas line by the house. There are three wells, one eastern and two wind pumps. This farm has not been on the market for thirty years and we believe that it cannot be duplicated at the price.

MONEY THAT'S WHAT WE ARE ALL AFTER—One of the best truck farms in Licking County, forty acres, located one and one-half miles east of Kinkersville and one-half mile south of National pike. Light much soil and every inch tillable. There were grown this year seven acres of onions, an excellent crop which are now being prepared for market, also quite a quantity of celery and many other vegetables. The house is a large eleven room frame, cemented basement under the entire house, good furnace. There are four fountains on the property, including the one in the basement of the house, also a good cistern. Barn is 36 by 54—room for six cows and five horses. There is a large wagon shed, corn crib, silo and chicken house. Large lot, house, kitchen, boiler room, wash room, etc., with shed 14x10 all new. A good proposition for an up to the minute garden man at \$16,000.

100 ACRES, A GOOD DAIRY BUY AT \$12,000—Immediate possession, stock and tools can be purchased if desired, one mile from small town and railroad, two miles from traction line leading into Columbus. Seven room house in good condition, big new barn, moderately equipped for dairy, twenty two stanchions, another good barn and other necessary outbuildings, the young orchard. The land is slightly rolling, but all can be cultivated with the exception of some few acres of timber. Farms nearby are being sold as high as one hundred and seventy five dollars per acre but owner wants to sell quick and therefore this extremely low price. Here is a good buy as an investment.

IF YOU ARE A HUSTLER YOU CAN MAKE MONEY OUT OF THIS ONE—Grain, and dairy farm, two hundred and ten acres, only one-half mile from good business and railroad center, a town of about seven hundred population and only thirty miles from Columbus. Three churches, 1st grade school, good creamery, bank, hotel, stores and in a well settled community with public highways. Land lays mostly level, soil rich, sandy clay and black loam. Well tiled and fenced in convenient fields. The home has seven rooms, nicely arranged and in good condition, 2000 cellars with brick floor. Two barns 30x40 with 14 ft. shed attached and 42x22 with 16 ft. shed with ample room for sixty tons of hay, double corn crib and other necessary farm buildings, well and windmill, two cisterns, two springs in pasture fields and some fruit consist of pear, apple and cherry trees. This farm has been operated for years by owner and is in a high state of cultivation and a large amount of stock has been kept on it. This farm has never been offered for sale before and is only on the market now because the owner is extensively interested in other business and is now offered for the bargain price of \$24,500. Terms can be arranged to suit the purchaser.

HERE IS SOMETHING YOU WANT AND COSTS YOU VERY LITTLE—97 acres grain and pasture farm \$9,000. Thirty miles from Columbus, three-fourths mile from good business center, railroad, churches, high school and several good stores, bank and creamery. The soil is a chocolate clay, 16d somewhat rolling, natural drained. Two barns, one box, shinglerooft, the other 24x32 mod 12 roof, wagon shed, corn crib, smoke house, livestock milk and spring house, 12x14, chicken house 20x26, fruit consisting of about twenty five apple, some cherry and pear trees. The main house is a one-story bungalow, plastered on outside, consisting of six very neatly arranged rooms. There is also a four room tenant house almost new, in number one condition. This farm is operated by owner and is a good buy.

Hundreds of Others.

OHIOANS TO VIEW HISTORIC BATTLE

Famous Chateau Thierry Struggle Will Be Reproduced at State Fair.

ON BIG REALISTIC SCALE

Actual Heroes of Conflict Take Part With Modern Engines of War.

That Ohio people may have a graphic idea of the famous struggle in which American soldiers and marines, many of them boys from the Buckeye state, turned the tide against the Germans and put the allies on the road to final victory, the never-to-be-forgotten Battle of Chateau Thierry will be reproduced on Tuesday, Wednesday and Thursday nights of the Ohio State Fair, the last week in August.

Under direction of trained military men and participated in by scores of American soldiers and marines, many of them actual heroes of the memorable engagement that marked the turning point of the war, this mammoth military spectacle, with marvelous displays of fireworks, is expected to be witnessed by thousands.

The scenic setting, 450 feet in length, will be in the oval opposite the grandstand. The historical old French city of Chateau Thierry will be represented on painted canvas, iron and wood. The performance opens with the city in the hands of German troops, following the forced evacuation by the French. After many scenes of troop movements comes the attack of the Americans, which drives out the incredulous and dazed enemy.

America's fighting men, correctly costumed and equipped, will represent both allied and enemy troops. Modern engines and strange new appliances of war will have their place in the reproduction of the battle, such as siege and machine guns, hand grenades, gas masks, smoke screens, barrage fires, armored autos, tanks, star shell signals, searchlight shells, trench flares. In addition there will be realistic hand-to-hand fighting and bayonet combats by specially trained units.

It has been promised the state fair management that everything possible will be done to make the battle scene as realistic as the ingenuity of the skilled pyrotechnist, electrician, scenic artist, stage director and military men can make it. The stage is laid out on a gigantic scale. Hundreds of persons will participate in the cast, representing high officials of the allied and enemy armies, companies of soldiers and marines of the various armies, Red Cross nurses, homeless refugees and picturesque natives, all correctly costumed.

Because of the great historical importance of the Battle of Chateau Thierry and the fact that it has intimate relation to many Ohio homes that furnished sons who fought in the struggle, state fair officials believe that the reproduction will have wider appeal than any attraction ever offered at previous Buckeye expositions.

STATE FAIR PREMIUMS SET NEW HIGH MARK

In premiums alone the Ohio State Fair this year will pay out the record amount of \$84,574.50, an increase of \$16,900 over last year's high sum. The largest allotment is to the cattle department, which is to receive more than \$15,000. Among other divisions of the money are: Speed, \$11,500; horses, \$7,265; night horse show, \$5,300; swine \$7,307; sheep, \$6,577. The better the premiums the better the exhibits, it is declared.

While the premium money in practically every department has been increased there has been no advance in the fee for admission to the grounds.

\$1,000 FOR CITY GARDENERS.

Ohio cities with more than 5,000 population will compete for 98 prizes, amounting to \$1,000, at the Ohio State Fair the last week in August. Premiums will be awarded in three classes: For the best school exhibit, the best group or company exhibit, and the best individual display. This competition, to encourage city gardening, was introduced at the fair last year and proved highly successful. All school children who contribute to the exhibits from their gardens will receive free admission tickets to the fair.

JUBILEE SINGERS AT FAIR.

One of the novel features of entertainment at the Ohio State Fair, the last week in August, will be the presence on the grounds of a group of colored jubilee singers. They will sing at various points of interest on the grounds each day of the exposition. In addition to the singing, they will provide instrumental music, much of the jazz variety. This will be one of the many free attractions on the grounds.

Artificial blossoms of the kind women exchange with each other.

THE MARKETS

Cleveland Produce.

Cleveland, Aug. 18.—Cattle—Creamery, in tubs, extra 137a-137½; extra firsts 56a-56½; firsts 55a-55½; primals, 1-cent more; seconds 52a-53; fancy dairy 43½-47½; packing stock 40.

Potatoes—East Shore cobbles \$6.40; \$6.50 per 50-pounds; such as such as 47; Maryland \$7.50 per barrel; New Jersey giants \$5.75-6.30 per 150-pound sack; sweet potatoes: North Carolina, \$10 per state-barrel.

Pittsburgh Live Stock.

Pittsburgh, Aug. 18.—Cattle receipts 2700; steers, 16.00-17.00; heifers 12.00-14.00; cows 9.50-11.00.

Hogs receipts 4700; higher; heavies 20.75-21.00; heavy yorkers 21.50-21.75; light yorkers 20.00-20.50; pigs 19.75-20.00.

Sheep and lambs receipts 5,000; higher; top sheep 11.25; top lambs 17.00.

Calves receipts 1600; active; top 22.50.

Wall Street.

New York, Aug. 18.—Developments over the double holiday, including the Mexican situation and the local traction strike, accounted mainly for the heavy tone of the stock market at the opening of today's session. Declines of 1 to almost 3 points extended throughout the general list, oils, equipments, steels, motors and tobaccos proving most susceptible to pressure. High class rails also yielded but shippings were irregular. Interborough Rapid Transit and Interborough Metropolitan were the only fractionally lower with Brooklyn Transit.

Unsettled conditions prevailed throughout the morning on nominal dealings. Several early losses were temporarily recovered, while the few initial gains gave way under renewed pressure. Trading was again marked by the absence of public interest, except for liquidation of long stock. Local utilities were relatively steady at opening quotations. Feeble rallies were succeeded by fresh declines at noon, selling concentrating in steels, equipments, shippings and tobaccos, where initial reactions were extended.

Chicago Grain Review.

Chicago, Aug. 18.—There was a rush to sell today when the corn market opened and first trades showed a lack of buying support particularly on the heavy end. Opening prices were 5-8 to 5-12 lower, Sept. showing the greatest decline, the figures being September 1.7-1.2 to 1.80, and Dec. 1.42-1.2 to 1.43-1.4. Later there was a moderate rally but prices held generally within the opening figures.

Wheat, with scattered selling but held within closer limits than corn. Opening prices were from 3-8 to 1-8 lower with Sept. at 72-5-8 to 73. Provisions fell off, selling orders more than offsetting the advance in live hog prices.

Toledo Grain Closing.

Toledo, Aug. 18.—Corn: \$2.00. Oats: old, 7a; new, 7c.

Barley: \$1.42.

Rye: \$1.54.

Clover: cash \$30; Oct. \$30.10; Dec. \$28.92-1.2; March, \$29.30.

Alsike: cash, \$24.60; Oct. and Dec. \$25.05.

Timothy: old and new, \$5.35; Sept. \$5.80; Oct. \$5.75; Dec. \$5.55; Mar. \$6.

Chicago Livestock.

Chicago, Aug. 18.—Hogs—Receipts 21,000; unevenly strong to 50c higher than Saturday's closing trade. Top \$21.25; heavy weight \$18.75-21; medium weight \$19a-21.25; lightweight \$18.57-21.20; light lights \$17.75-20.50; heavy packing sows, smooth, \$17.55-18.65; packing sows, rough, \$16.75-17.50; pigs \$16.50-18.

Cattle—Receipts 19,000; native and western steers slow to lower; yearling butcher cattle, calves, feeders, about steady. Beef steers, medium and heavy weight, choice and prime \$16.25-18.50; common \$10-11.50; lightweight, good and choice, \$14.25-16.15; common and medium \$9.00-14.25; 14.25-16.15; canners, \$7.50-15; cows \$7.25-14; canners and cutters \$6.25-7.25; beef calves, light and hand-weight, \$20a-21; feeder steers \$8-12.50; stocker steers \$7.25-11; western range steers \$9.50-16.50; sows and heifers \$9.50-13.

BUSINESS OPPORTUNITY.

A Mechanical Mystery

A new invention. A computer which adds, subtracts, multiplies and divides automatically. An astonishing and profitable wonder in the computation of mathematical problems. It will do anything that any other computing machine will do; besides it has many exclusive and ingenious features not found in any other make. Efficiency, simplicity, durability, convenience, economy and economy are its valuable attributes. A child or a novice can operate it successfully. Price within reach of all makes it a rapid seller. We want first-class representation in Newark and surrounding territory. Small investment required. This is a **GO-GETTER** opportunity. For particulars see Mr. Fullington, Arcade Hotel. 8-16-3t

Not for restoring golf balls that may be driven into water have been invented in England.

Next Thursday, Friday & Saturday

"Impropaganda."
Down with the Weinerwurst is the war cry of a character in James Montgomery Flagg's new satirical comedy "Impropaganda," which is being shown at the Auditorium tonight. It is a humorous burlesque on Hun spy plays and stories and points the moral that in no circumstances can the Hun be trusted.

The beverage that is making thousands of new friends daily. "New Special" is made in Newark under the most sanitary conditions and is guaranteed to be absolutely pure. Don't take a substitute order and insist on having New Special, the drink that satisfies. On sale by the glass, the bottle or by the case for home use. Keep it in your home To keep you well.

Let's win the Victory Shaft. Buy U. S. S. now.

ARCADE **E. H. FRAME, Manager**

The New Moon.
 "The New Moon," Norma Talmadge's latest Silent Picture, in which she is presented by Joseph M. Schenck today and tomorrow at the Alhambra Theatre, a series of thrilling scenes of Russian home life, is a gem to behold.

It is not a war picture, it has no war scenes or battles, it is the story of a Russian Princess, Maria Pavlovna, who is attracted in her childhood to an English lord and forced to flee for her life when her betrothal promises are shattered from her fiance, Michael Kozlov. To escape her fate, the young girl dresses herself as a peasant and in 1906 to a neighboring principality, where she takes refuge in a convent.

There is a wealth of means of finding a cine-

company where he is employed. He
 caught his left hand in the machinery
 and had the thumb so badly mangled
 that it was necessary to remove it.
Hatfield-Hartman Reunion.
 The 13th annual Hatfield-Hartman
 reunion will be held at Darius's Falls,
 Thursday, Mrs. D. Hatfield, 449 East
 Main street, Newark, is secretary of
 the organization.

Dairymen's Picnic.
 The fifth annual Dairymen's basket
 picnic, under the auspices of the Lick-
 ing County Improvement association,
 will be held at the farm of W. C. Miller
 on Loudon street, two miles northwest
 of Granville, Thursday. There will be
 good speaking, music, and judging of
 cattle.

Buys Home in Kokomo.
 Dennis White, formerly of this city,
 has purchased a home at Kokomo, Ind.,
 for which he paid the sum of \$10,000.
 White has been the president and man-
 ager of the Ford agency at Kokomo for
 some time and last month sold 70 cars.
 He employs six salesmen and is meet-
 ing with excellent success.

Home from Overseas.
 Master Signal Electrician Joseph
 O'Shaughnessy, has returned to his
 home in Elmwood avenue after spend-
 ing over a year in France. He went
 over as official photographer and was
 stationed in Paris. He is now visiting
 his parents Mr. and Mrs. J. D.
 O'Shaughnessy.

New Son Awaits Soldier.
 Wade Coffman, son of Mr. and Mrs.
 Philip Coffman of Pearl street, who ar-
 rived at Norfolk, Va., several days ago,
 will arrive in the city tonight after hav-
 ing been overseas nearly a year. He
 left with the 84th division and after the
 signing of the armistice went with the
 army of occupation to Germany, where
 he was a regimental runner. He will
 be greeted by his son Jack upon his ar-
 rival whom he has never seen. His wife
 was formerly Miss Nell Engler.

Fined For Vagrancy.
 One Patrick Kelly, who has been an
 umbrella mender for years, was ar-
 rested by patrolmen near the market
 house Saturday night for annoying
 pedestrians and he was given a fine of
 \$50 and the costs on a vagrancy charge
 and was sent to the county jail where
 he will remain for at least three months
 to come.

Has Private Stock.
 A farmer residing near Kirkersville
 was arrested Saturday night by Patrol-
 man Charles De Wit on a charge of
 intoxication. He claimed that he had a
 private cache and overindulged, which
 cost him a fine of \$5 and the costs in
 police court today.

Home From Overseas.
 Lieutenant Richard Jones, son of Mr.
 and Mrs. Ellis Jones of east of Newark,
 has returned to his home from over-
 seas. He served with the 80th infan-
 try.

Taken an Apartment.
 Mr. and Mrs. Lee Moore have taken
 an apartment in the Belmawr. Lieuten-
 ant Moore recently returned from over-
 seas.

Captain Smart Here.
 Captain Harry G. Smart, a former
 Newark man, left Sunday for Seattle,
 Wash., after visiting at the home of
 his parents, Mr. and Mrs. William
 Smart of DeCrown avenue. He is en-
 route from New York to Camp Lewis,
 Wash., where he expects to be dis-
 charged.

Bakery Leases Wehrle Room.
 The Wehrle room in the Wehrle block
 in West Main street, just west of the
 Ohio, has been leased to the
 Ohio Federated Bakeries company, with
 headquarters in Chicago. The company
 is establishing 20 of their bakeries in
 the larger cities of the state. The com-
 pany takes in the show window of its
 store in front of spectators and cus-
 tomers. The deal was made through
 the J. F. Moore & Son agency.

Going to Zanesville.
 Mr. and Mrs. Joseph Coelho will leave
 in the near future for Zanesville where
 they will make their home. Mr. Coelho
 manages the Kuster Servise in that
 city.

Goes to New Jersey.
 George Hall of West Locust street
 left Sunday for Rahway, N. J., where
 he has taken a position.

Sells Two Properties.
 Special policeman Wm. Burke has
 sold his two properties one on Locust
 street and the other, the S. L. James
 home at Clinton and Locust streets to
 Emmett Smith of the P. Smith Sons
 lumber company.

**CARS DAMAGED IN
 COLLISION ON ITH ST.**

A touring car driven by William
 Burke of the Burke Golf company and
 a car driven by Merle Smith collided
 at 11 Eleventh and Locust streets at
 noon today. The Burke car then strik-
 ing another car owned by Frank
 Bridgeman on the street.
 Smith was driving east on Locust
 and Burke south on Eleventh. A num-
 ber of circus wagons at the corner
 might have obstructed the view accord-
 ing to Smith.

The front ends of the Burke &
 Bridgeman cars were badly damaged
 and one of the steering gear bent on the
 Smith machine.

STREET CAR MEN TO PICNIC.
 The employees of the interurban and
 city car lines, taking advantage of
 the strike, will have a basket picnic at
 the White Athletic field, Thursday. A pro-
 gram of sports with a ball game has
 been arranged.

PAVING CASE APPEALED.
 Attorneys for the city today filed a
 transcript for appeal of the case of
 George L. Fromholz against the city,
 in which the plaintiff secured an in-
 junction against proceeding with the
 East Main street improvement under
 the contract made with the Federal As-
 phalt company.

Patriotism.
 What is patriotism? Is it a narrow
 affection for the spot where a man
 was born? Are the very clouds where
 we tread entitled to this ardent prefer-
 ence because they are greener? No,
 sir; this is not the character of the
 virtue, and it soars higher for its
 object. . . . It is thus we obey the
 laws of society, because they are the
 laws of virtue. In their authority we
 see, not the array of force and terror,
 but the venerable image of our coun-
 try's honor. Every good citizen makes
 that honor his own, and cherishes it
 not only as precious, but as sacred.

**EMBARGO DELAYS
 FURNACES SOLD**
 Newark Stamping and Fdy.
 Co. Has \$20,000 Worth
 Held Up By Railroad
 Delay.

The stove and furnace market is said
 to be on the brink of a panic. The com-
 panies are sharing in the season of prosperity.
 However freight embargoes and lack
 of raw material has impeded the work
 of the manufacturers who are confront-
 ed with large orders all over the coun-
 try. It is said the Newark Stamping
 and Foundry company has orders for
 \$50,000 worth of furnaces, and that \$20,
 000 worth of the finished products are
 being held up owing to freight embar-
 goes.

Owing to the restrictions of the war
 industries board the production of stoves
 and furnaces did not come up to the
 demand. As soon as the restrictions
 were removed heavy orders were
 placed. In spite of the higher prices
 manufacturers say there has been no
 slackening of the demand.

The demand for furnaces in farm
 houses is said to be greater than ever
 and patrons are demanding a high
 grade stove or furnace.

**IT'S SOME JOB TO PICK
 PRETTIEST OF 30 BABIES**

The heavy showers Saturday after-
 noon did not keep the proud mothers
 away from the Auditorium when they
 brought their babies to compete for \$25
 in War Savings Stamps. There were
 babies, babies and more babies, fat ones,
 plump ones, little ones, big ones, golden
 haired ones, curly headed ones, brown
 eyed and blue eyed ones, thirty in all.
 The mothers held them and they were
 shown from the stage and they all smiled
 and then smiled some more when
 Manager Fenners looked at them.
 The prizes were given for the cutest,
 prettiest and best baby. The first
 which was three \$5 stamps given for
 the contest was awarded to Russell Mc-
 Cann aged 6-12 months, 195 Clinton
 street, the second two \$5 stamps for
 the prettiest to Lena Rose Blaney 14
 months old, 72 Tenth street, and the
 third prize one \$5 stamp to Marjorie
 and Dorothy Lusk twins living north of
 Granville for the best babies.

GRANVILLE

(Special to the Advocate)
 Granville, Aug. 18.—Dr. Z. A. Dix-
 son has rented her Maple street prop-
 erty to Prof. S. I. Kornhauser, biolo-
 gist, who will take charge of the depart-
 ment in Denison University during Dr.
 Fisher's absence. He expects to arrive
 with his family on September 1.
 Prof. W. A. Chamberlain, who has been
 visiting friends in Geneva, has return-
 ed to Granville.

Rev. Emanuel Preuss filled the pulpit
 of the Northminster church in Colum-
 bus Sunday morning and preached at
 the union meeting in Granville in the
 evening.

The Granville school teachers are at-
 tending the 16th year institute in New-
 ark, which begins Monday and closes
 Friday.

Mrs. Della Carter Little, who before
 her marriage was active in the musical
 affairs of Granville, sang at the Pres-
 byterian church in the morning and
 also at the union service in the evening.

Mrs. Little's home is in Kansas and
 she is the summer guest of her aunt,
 Mrs. Carrie Deane.

Mrs. Emma Cook, who has been en-
 gaged in war work in Columbus for
 the past three years, has accepted a
 position with the Red Cross in Clinton,
 Ind., and takes up her work Tuesday.
 Mrs. Cook spent the week end at her
 home in Granville.

Mrs. Nellie Perry, who has a position
 in Akron, spent the week end at her
 home on Centerville street.
